SUBJECT: Regulations re: gas detection
(20 AAC 25.066(b), (d))

Under AS 44.62.060, we have reviewed the attached amendment of these regulations by the Alaska Oil and Gas Conservation Commission and approve the changes for filing by the lieutenant governor. I have reviewed this project under a specific delegation dated June 17, 2003 from the Regulations Attorney. A duplicate original of this memorandum is being furnished to the lieutenant governor, along with the two pages of regulations and the related documents.

You might wish to contact the lieutenant governor's office to confirm the filing date and effective date of the attached regulation changes.

The March 10, 2003 public notice and the June 4, 2003 certification order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.

In accordance with AS 44.62.125(b)(6), some corrections have been made in the regulations, as shown on the attached copy.

SUBJECT: Regulations re: gas detection
(20 AAC 25.066(b), (d))

We have reviewed the attached regulations from the Alaska Oil and Gas Conservation Commission. I have reviewed this project under a specific delegation dated June 17, 2003 from the Regulations Attorney. A duplicate of this memorandum is being furnished to Sarah Palin, the commission chair, along with a copy of the regulations.

The Department of Law has reviewed the attached regulations against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This memorandum and the attached duplicate memorandum dated June 17, 2003 constitute the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations.

The regulation changes were adopted by the Alaska Oil and Gas Conservation Commission after the close of the public comment period. The regulations refine requirements relating to gas detection systems for drilling and workover rigs.

The certification order for the regulations states that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.

We have made a few technical corrections to conform the regulations with the drafting manual under AS 44.62.060 and 44.62.125. The corrections are shown on the attached copy of the regulations.

(On record)

COMMISSIONER SEAMOUNT: This hearing is called to order. The date is Tuesday, April 22, 2003. The time is 9:11 o'clock. We're located at 333 West Seventh Street, Anchorage, Alaska. This is the offices of the Alaska Oil and Gas Conservation Commission.

I'll start by introducing the bench. My name is Dan Seamount, and at this time the Chair is indisposed, I'm presiding at this hearing by agreement of a quorum of the Commissioners. Sarah Palin, the Chair, is -- as I said, is indisposed and cannot make it. To my left is Randy Ruedrich. Jan Scott of Metro Court Reporting is making a transcript of the proceedings. You can get a copy from Metro Court Reporting.

The subject of the hearing is a proposal to adopt regulation changes in Title 29, Chapter 25 of the Alaska Administrative Code, dealing with gas detection requirements, including the following; 20 AAC 25.066 is proposed to be amended to accommodate unconventional drilling equipment and to provide for variances to certain gas detection requirements.

A notice of the hearing was published on March 10th, 2003, in the Anchorage Daily News. Further written comments can be submitted up until 4:30 on April 25th, 2003.

1 I notice that no comments have been received and I
2 notice that there is no one in the room who would like to
3 submit comments. Since there are no other comments, it is now
4 appropriate to adjourn.

5 Well, before I do that, does Commissioner Ruedrich
6 have anything to say?

7 COMMISSIONER RUEDRICH: No. Thank you.

8 COMMISSIONER SEAMOUNT: And, I assume that no
9 one in the room -- I'm getting the nods no, that no one in the
10 room wants to make a comment; so since there are no other
11 comments, it is now appropriate to adjourn the meeting.

12 We are off the record. Thank you for your attendance.

Commissioners,

Please read the attached regulation drafted on April 21st by Rob.
Friday April 25th is last day allowed for written comments.

Would you like me to set a public meeting for April 30th to talk about
the consideration of adopting the regulation? If you accept the
adoption, then the next step is for me to draft the final papers to send
to the regulations attorney in Juneau.

MISCELLANEOUS BOARDS

20 AAC 25.066(b) is amended and a new subsection is added, to read:

(b) A gas detection system that continuously performs self-checking or diagnostics must be function-tested when a BOP stack is initially installed after a drill rig is set up or, if no BOP stack is required, when drilling or workover operations begin, when a commission-witnessed BOP test occurs, and no less frequently than once every six months. Other gas detection systems must be calibrated and tested when a BOP stack is initially installed after a drill rig is set up or, if no BOP stack is required, when drilling or workover operations begin, when a commission-witnessed BOP test occurs, and no less frequently than once every 30 days. The operator shall maintain at the drill rig an accessible record of gas detection system tests and calibrations.

. . .

(d) Upon request of the operator, the commission may

(1) waive the methane detection requirements of this section, if the commission determines that the configuration of the drilling or workover rig and any associated equipment and structures eliminates the potential for methane to accumulate;

(2) allow the use of a single hydrogen sulfide sensor on site in place of the three sensing points required under (a)(3) of this section, if the commission determines that the configuration of the drilling or workover rig and any associated equipment and structures eliminates the potential for hydrogen sulfide to accumulate;

STATE OF ALASKA
NOTICE OF PROPOSED CHANGES IN THE REGULATIONS OF THE
ALASKA OIL AND GAS CONSERVATION COMMISSION

The Alaska Oil and Gas Conservation Commission ("AOGCC") proposes to adopt regulation changes in Title 20, Chapter 25, of the Alaska Administrative Code, dealing with gas detection requirements, including the following:

20 AAC 25.066 is proposed to be amended to accommodate unconventional drilling equipment and to provide for variances to certain gas detection requirements.

You may comment on the proposed regulation changes, including the potential costs to private persons of complying with the proposed changes, by writing to AOGCC, 333 W. 7th Avenue, Suite 100, Anchorage, AK 99501. The comments must be received no later than 4:30 p.m. on April 25, 2003.

Additionally, oral or written comments may be submitted at a hearing to be held on April 22, 2003, at 333 W. 7th Avenue, Suite 100, Anchorage, AK 99501. The hearing will begin at 9:00 a.m. and might be extended from day to day if necessary to accommodate those present before 9:30 a.m. who did not have an opportunity to comment.

If you are a person with a disability who may need a special accommodation, auxiliary aid or service, or alternative communication format in order to participate in the process on the proposed regulation, please contact Jody Colombie at 793-1221 by 4:00 p.m., April 15, 2003 to ensure that any necessary accommodations can be provided.

Copies of the proposed regulation changes may be obtained from the AOGCC office, 333 W. 7th Avenue, Anchorage, Alaska 99501, or by telephoning the AOGCC at 907-793-1221, or on the AOGCC website at:

<http://www.state.ak.us/local/akpages/ADMIN/ogc/homeogc.htm>

After the public comment period ends, the AOGCC will either adopt this or another proposal dealing with the same subject, without further notice, or decide to take no action on it. The language of the final regulations may be different from that of the proposed regulations. **YOU SHOULD COMMENT DURING THE TIME ALLOWED IF YOUR INTEREST COULD BE AFFECTED.** Written comments received are public records and are subject to public inspection.

Statutory Authority: AS 31.05.030.

Statutes Being Implemented, Interpreted, or Made Specific: AS 31.05.030.

Fiscal Information: The proposed regulation changes are not expected to require an increased appropriation.
